

High Water Resistance Nylon MC901 Material Plastic 150cm

Our Product Introduction

for more products please visit us on makewellplastic.com

Basic Information

- Place of Origin: China
- Brand Name: MAKEWELL
- Certification: ISO9001 Rohs, Reach
- Model Number: MC 901 SHEET
- Minimum Order Quantity: 10kg
- Price: Negotiation
- Packaging Details: Pallet
- Delivery Time: 7-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000000 kg /month

Product Specification

- Finish: Matt
- Colour: Blue
- Type: Sheet, Rod, Tube
- Water Resistance: High
- Abrasion Resistance: High
- Product Name: MC901 Plate/rod/tube
- UV Resistance: High
- Width: 150cm
- Highlight: **Makewell 150cm MC901 Material,
Makewell Nylon MC901 Material,
Makewell nylon mc 901 Plastic**

Product Description

Product Description:

MC901 Material: An Engineering Plastic Material from a Leading Plastic Engineering Company

MC901 nylon is a high-performance engineering plastic material developed by a leading plastic engineering company. It features excellent water resistance, low flammability, high surface hardness, and excellent UV resistance. This makes it an ideal choice for a variety of applications, from automotive and aerospace to medical and electronics.

The material is composed of high-grade polyester, which provides it with superior strength and durability. This makes it an ideal choice for high-temperature and high-pressure applications, as well as those that involve intense wear and tear. It is also resistant to a variety of chemicals, making it suitable for industrial applications.

The material's superior engineering features and excellent performance make it an ideal choice for a variety of applications. It is the perfect choice for those looking for a reliable and durable engineering plastic material that is also cost-effective.

Features:

Product Name: MC901 Material

Material: Polyester

Water Resistance: High

Type: Sheet, Rod, Tube

Width: 150cm

Colour: Blue

Engineering Plastic Material

Engineering Plastic Sheet

Engineering Plastic Material Supplier

Technical Parameters:

Property	Details
Flammability	Low
Material	Polyester
Abrasion Resistance	High
Product Name	MC901 Plate/rod/tube
UV Resistance	High
Plastic modling type	Extruding, Mould
Size	1,2,3,4,5,6-200mm
Finish	Matt
Width	150cm
Type	Sheet, Rod, Tube

Applications:

MAKEWELL MC 901 SHEET is a high quality engineering plastic product certified by ISO9001 Rohs, Reach, with high surface hardness and abrasion resistance. It is made in China and available in various sizes including 1,2,3,4,5,6-200mm with a width of 150cm.

Customers can buy from 10kg and the price is negotiable. It is suitable for pallet packaging and delivery time is 7-15 days. Payment options include L/C, D/A, D/P, T/T, Western Union, MoneyGram. MAKEWELL MC 901 SHEET has a supply capacity of 100000000 kg/month.

MAKEWELL MC 901 SHEET is the ideal choice for engineering plastic sheet, rod, tube or plate manufacturing. It has been widely used in various industries such as automotive, electronics, medical and industrial. It is strong enough to bear the heavy load of industrial machines and has excellent abrasion resistance and high surface hardness. It is also resistant to corrosion and chemical and can withstand extreme temperatures. The product is also very lightweight and easy to maintain, making it an ideal choice for many industrial applications.

MAKEWELL MC 901 SHEET is the perfect engineering plastic product for both commercial and industrial use. It is suitable for a wide range of purposes such as construction, automotive, electronics, medical, industrial, and many more. It is also highly durable and reliable, making it the perfect choice for both short and long-term projects. It is an excellent choice for both manufacturers and consumers, as it provides excellent value for money and is highly reliable.

Customization:

MC901 Material Customization Service

Brand Name: MAKEWELL

Model Number: MC 901 SHEET
Place of Origin: China
Certification: ISO9001 Rohs, Reach
Minimum Order Quantity: 10kg
Price: Negotiation
Packaging Details: Pallet
Delivery Time: 7-15 days
Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
Supply Ability: 100000000 kg /month
UV Resistance: High
Size: 1,2,3,4,5,6-200mm
Flammability: Low
Surface: High Surface Hardness
Plastic modling type: Extruding,Mould
MC901 Material Customization Service Highlights
Engineering Plastic Material
Engineering Plastic Rod
MC901 Nylon Material

Support and Services:

MC901 Material provides technical support and services to ensure that our customers receive the best possible experience when using our product. Our technical support team is available 24/7 to answer any questions or issues that may arise. We also offer a wide range of services such as product installation, maintenance, and troubleshooting. Our team is dedicated to providing timely and effective support to our customers.
