

Plastic Moulding Mould Nylon 6 MOS2 Rod Customized

Our Product Introduction

for more products please visit us on makewellplastic.com

Basic Information

- Place of Origin: China
- Brand Name: MAKEWELL
- Certification: ISO9001 Rohs, Reach
- Model Number: Nylon PA6 MoS2 rod
- Minimum Order Quantity: 10kg
- Price: Negotiation
- Packaging Details: Pallet
- Delivery Time: 7-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000000 kg /month

Product Specification

- Size: 25-100mm Diameter
- Flexural Modulus: High
- Service: OEM/ODM
- Impact Strength: High
- Material: Nylon 6
- Surface Hardness: High
- Plastic Modling Type: Extruding,Mould
- Color: Black
- Highlight: **Makewell Moulding Nylon 6 MoS2,
Makewell Plastic Nylon 6 MoS2,
Makewell Plastic nylon 6 rod**

Product Description

Product Description:

Nylon 6 MoS2

Nylon 6 MoS2 is a type of sheet, rod, and tube material designed for its high surface hardness, high impact strength, and high chemical resistance. It is available in 6mm, 8mm, 25mm, and 50mm black nylon rods. Nylon 6 MoS2 is designed to be resistant to wear and tear, and is a great choice for applications where high performance is needed.

The high surface hardness of Nylon 6 MoS2 makes it ideal for applications where a hard surface is required, such as in machinery. Its high impact strength means that it can withstand impacts, shocks, and vibrations for a long time, while its chemical resistance makes it perfect for applications in harsh environments. The black color of Nylon 6 MoS2 also provides a stylish look that allows it to blend in with other materials.

Nylon 6 MoS2 is an excellent choice for any project that requires a strong, durable, and stylish material. Its high surface hardness, high impact strength, and chemical resistance make it suitable for a wide range of applications, and its black color adds a stylish touch to any project.

Features:

Product Name: Nylon 6 MoS2

Flexural Modulus: High

Impact Strength: High

Type: Sheet, Rod, Tube

Chemical Resistance: High

Material: Nylon 6

Keyword: nylon plastic rod, nylon 66 rod, 8mm nylon rod, nylon 6 sheet, nylon tube

Technical Parameters:

Property	Value
Surface Hardness	High
Abrasion Resistance	High
Type	Sheet, Rod, Tube
Size	25-100mm Diameter
Service	OEM/ODM
Additive	MoS2
Plastic Modling Type	Extruding,Mould
Impact Strength	High
Color	Black
Material	Nylon 6
Keywords	Molybdenum Disulfide MoS2 Filled Nylon, Nylon Plastic Rod, 6mm Nylon Rod, Nylon Sheet, Nylon Tube, Nylon Rod

Applications:

MAKEWELL's Nylon PA6 MoS2 rod is an ideal choice for applications that require a high level of chemical resistance, flexural modulus, and abrasion resistance. It is available in 25mm and 8mm diameters, and is filled with molybdenum disulfide (MoS2). The rod has excellent mechanical properties and is black in color, making it perfect for a variety of applications.

The rod is ISO9001 certified and compliant with Rohs, Reach, and other environmental standards. It is sold in 10kg packages and is available in bulk orders. The price is negotiable and delivery time is 7-15 days. Payment terms are L/C, D/A, D/P, T/T, Western Union, and MoneyGram. With a monthly supply capacity of 100000000kg, MAKEWELL's Nylon PA6 MoS2 rod is the perfect choice for any application requiring a high-performance nylon rod.

Customization:

MAKEWELL Nylon 6 MoS2 is a high-quality 8mm nylon rod, molybdenum disulfide (MoS2) filled nylon material. It has a high surface hardness and a high flexural modulus, and comes in a black color. It is available in sheet, rod, and tube form, with a minimum order

quantity of 10kg. It has been certified by ISO9001 Rohs, Reach, and has a 6mm nylon rod size. This product is ideal for applications that require a high-performance nylon material with excellent resistance to wear and corrosion. It can also be used for applications that require a material with superior chemical and thermal resistance. MAKEWELL Nylon 6 MoS2 is an excellent choice for customers looking for a reliable, cost-effective solution for their engineering requirements. It is available at a negotiable price, and has a fast delivery time of 7-15 days. Payment terms are flexible and include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The product is supplied in pallet packaging, and its supply ability is 100000000 kg/month.

Support and Services:

Nylon 6 MoS2 Technical Support and Service

We offer technical support and service for our Nylon 6 MoS2 product. Our support team is available 24/7 to answer any questions you may have about our product. We also provide installation and maintenance services to ensure your product is functioning properly. Our technical support staff is knowledgeable and experienced in the use of Nylon 6 MoS2 products. They are available to provide comprehensive guidance and help with any issues you may have. We also offer a troubleshooting guide to help you identify and resolve any problems you may have.

We are committed to providing excellent customer service and support. If you have any questions or concerns, please do not hesitate to contact us. Our team is here to help you get the most out of your Nylon 6 MoS2 product.
