

## Nylon 66 Extruded Nylon Rod Engineering Plastic Abrasion Resistance

Our Product Introduction

for more products please visit us on [makewellplastic.com](http://makewellplastic.com)

### Basic Information

- Place of Origin: China
- Brand Name: MAKEWELL
- Certification: ISO9001 Rohs, Reach
- Model Number: Nylon PA6 Extrusion sheet rod
- Minimum Order Quantity: 10kg
- Price: Negotiation
- Packaging Details: Pallet
- Delivery Time: 7-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000000 kg /month

### Product Specification

- AbrasionResistance: Good
- Type: Sheet, Rod, Tube
- Size: 15-100mm Diameter
- Diameter: Customized
- Form: Extruded
- Color: Beige
- ChemicalResistance: Good
- Material: Nylon PA6 Extrusion
- Highlight: **Makewell Abrasion Resistance Extruded Nylon Rod**  
,  
**Makewell Engineering Plastic Extruded Nylon Rod**  
, **Makewell Nylon 66 engineering plastic rod**

## Product Description

### Product Description:

Extruded Nylon Rod is a lightweight and durable material. It offers superior abrasion resistance and good chemical resistance, making it an excellent choice for many applications. The size of the nylon rod ranges from 15 to 100mm in diameter, and comes in a beige color. It is made of the highest quality nylon PA6 extrusion, making it one of the best nylon rod suppliers on the market. This nylon 66 rod and nylon 6 rod is perfect for a variety of uses, from industrial applications to agricultural applications. It is also an excellent choice for both indoor and outdoor applications, as its durability and chemical resistance make it resistant to corrosion and damage from the elements.

### Features:

Product Name: **Extruded Nylon Rod**

Shape: **Rod**

Material: **Nylon PA6 Extrusion**

Form: **Extruded**

Color: **Beige**

Diameter: **Customized**

Keywords: **10mm nylon rod, cast nylon rod, nylon 66 rod**

### Technical Parameters:

| Attribute             | Value  |
|-----------------------|--|
| Shape                 | Rod  |
| Type                  | Sheet, Rod, Tube                                     |
| Plastic Modeling Type | Extruding, Mould                                     |
| Color                 | Beige  |
| Abrasion Resistance   | Good   |
| Diameter              | Customized   |
| Size                  | 15-100mm Diameter                                    |
| Service               | OEM/ODM As Your Sketch, Idea Or Samples, OEM Service |
| Form                  | Extruded   |
| Material              | Nylon PA6 Extrusion                                  |
| Keywords              | 10mm Nylon Rod, Nylon 6 Rod, Nylon 66 Rod            |

### Applications:

MAKEWELL Nylon PA6 Extrusion sheet rod is a premium product made from high-quality materials. It is available in a variety of sizes and shapes and can be extruded or moulded to meet a customer's specific requirements. The rod is made from nylon 6, a strong and durable material that is lightweight and has excellent resistance to wear and tear. It is also highly resistant to chemicals and oils, making it an ideal choice for a variety of applications.

Nylon PA6 Extrusion sheet rod has a wide range of applications, including industrial and commercial applications. It is used for a variety of purposes, such as the manufacture of machinery, equipment, and other parts. It is also used to create cylinders and rods for industrial applications, as well as to create custom-made parts for specific needs. Nylon rods are also ideal for use in automotive, marine, and aerospace industries, where they are often used to create components for fuel tanks, exhaust systems, and other applications.

Nylon PA6 Extrusion sheet rod is also used for a variety of other applications, including the manufacture of medical devices, food processing equipment, and other equipment. It is also used to create custom-made parts for a variety of applications, such as the manufacture of plastic products, including bottles, containers, and other items. Nylon rods are also used for a variety of other purposes, such as the manufacture of fishing rods, rods for sporting equipment, and other items.

MAKEWELL Nylon PA6 Extrusion sheet rod is a reliable and durable product, with a minimum order quantity of 10kg, and a price that can be negotiated. It is available in a variety of shapes and sizes, and in a variety of colors, including beige. It is also available with OEM/ODM services, as well as customized solutions for specific needs. The product is certified by ISO9001 Rohs, Reach, and is available in a variety of packaging options, including pallets for delivery.

### Customization:

MAKEWELL Customized Nylon PA6 Extrusion Rod

Brand Name: MAKEWELL

Model Number: Nylon PA6 Extrusion sheet rod

Place of Origin: China

Certification: ISO9001 Rohs, Reach

Minimum Order Quantity: 10kg  
Price: Negotiation  
Packaging Details: Pallet  
Delivery Time: 7-15 days  
Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram  
Supply Ability: 100000000 kg /month  
Diameter: Customized  
Size: 15-100mm Diameter  
Shape: Rod  
Material: Nylon PA6 Extrusion  
Color: Beige  
We provide customized nylon round bar, nylon plastic rod, and nylon rod suppliers.

### Support and Services:

Extruded Nylon Rod Technical Support and Service

Extruded Nylon Rod is a versatile engineering plastic with excellent strength, rigidity, and dimensional stability. We provide technical support and services to ensure your product is performing at its best.

Technical assistance with product selection

Assistance with product design and fabrication

On-site installation and maintenance services

Replacement part services

Expert troubleshooting

Post-sale support
