

OEM MC901 Material Blue Nylon Sheet High UV Resistance

Our Product Introduction

for more products please visit us on makewellplastic.com

Basic Information

- Place of Origin: China
- Brand Name: MAKEWELL
- Certification: ISO9001 Rohs, Reach
- Model Number: MC 901 SHEET
- Minimum Order Quantity: 10kg
- Price: Negotiation
- Packaging Details: Pallet
- Delivery Time: 7-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000000 kg /month

Product Specification

- Plastic Modling Type: Extruding,Mould
- Type: Sheet, Rod, Tube
- Colour: Blue
- Size: 1 2 3 4 5 6-200mm
- Finish: Matt
- Abrasion Resistance: High
- Product Name: MC901 Plate/rod/tube
- Material: Polyester
- Highlight: **Makewell OEM MC901 Material,
Makewell MC901 Material Sheet,
Makewell OEM mc 901 nylon**

Product Description

Product Description:

MC901 Plate/rod/tube is a high-performance engineering plastic sheet that is made from polyester and finished with a matt coating. It is known for its superior abrasion resistance and is used for a variety of engineering applications. The product is available in blue and can be customized to fit the specific needs of customers. It is versatile and can be extruded into various shapes and sizes as required. MC901 Plate/rod/tube is widely used in engineering, automotive, and other industrial applications due to its excellent properties. It is easy to install and provides excellent strength and durability. It is a preferred choice for engineering plastic sheet and extruded engineering plastics and is trusted by customers for its superior quality and performance.

Features:

Product Name: MC901 Material

Abrasion Resistance: High

Type: Engineering Plastic Sheet, Engineering Plastic Rod, Engineering Plastic Tube

Water Resistance: High

Material: Polyester

Colour: MC901 Blue Nylon

Technical Parameters:

Property	Value
Plastic Modeling Type	Extruding,Mould
Colour	Blue
Type	Sheet, Rod, Tube
UV Resistance	High
Size	1,2,3,4,5,6-200mm
Material	Polyester
Water Resistance	High
Product Name	MC901 Plate/rod/tube
Width	150cm
Flammability	Low
Keywords	Engineering Plastic Products, Special Engineering Plastics, Engineering Plastic Supplier

Applications:

MAKEWELL MC901 SHEET is an engineering plastic material produced by the China-based company. It is ISO9001 and RoHS certified, and is also REACH compliant. This material is available in sheet, rod and tube forms, and comes in a beautiful blue colour with a matt finish. It is a versatile material and can be used in a variety of applications and in different scenarios.

MAKEWELL MC901 SHEET is perfect for engineering and manufacturing projects, such as automotive, electronic, and medical equipment. It can be used to make components for consumer appliances, such as air conditioning systems, washing machines, and refrigerators. It is also ideal for producing parts for industrial machinery, such as CNC machines, robotics, and 3D printers. The material can also be utilized for the production of construction materials, such as pipes, mouldings, and frames.

The minimum order quantity for MAKEWELL MC901 SHEET is 10kg, while the price is negotiable. It is available in various widths, ranging from 150cm. The product can be delivered within 7-15 days, and payment can be made through various methods, such as L/C, D/A, D/P, T/T, Western Union, and MoneyGram. Furthermore, the company can supply up to 100000000 kg of the product every month.

Customization:

MC901 Material Customized Service

MAKEWELL MC901 nylon engineering plastic sheet offers excellent mechanical properties with low flammability, high water resistance, and UV resistance. This high-performance material is available with a minimum order quantity of 10kg and negotiable prices.

Model Number: MC 901 SHEET

Place of Origin: China

Certification: ISO9001 Rohs, Reach

Minimum Order Quantity: 10kg

Price: Negotiation

Packaging Details: Pallet

Delivery Time: 7-15 days

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Supply Ability: 100000000 kg /month
Plastic modling type: Extruding,Mould
Surface: High Surface Hardness
Flammability: Low
Water Resistance: High
UV Resistance: High

Support and Services:

MC901 Material Technical Support and Service

We provide technical support and service for MC901 Material products. Our services include:

- Support for product installation and configuration
- Troubleshooting and diagnostics of any product-related issues
- Providing product updates and upgrades
- Assisting with product compatibility issues

If you have any questions or need assistance with your MC901 Material product, please contact our support team.
