

## Black Polyoxymethylene POM ESD Sheet Engineering Plastic

Our Product Introduction

for more products please visit us on [makewellplastic.com](http://makewellplastic.com)

### Basic Information

- Place of Origin: China
- Brand Name: MAKEWELL
- Certification: ISO9001 Rohs, Reach
- Model Number: POM-C ESD
- Minimum Order Quantity: 10kg
- Price: Negotiation
- Packaging Details: Pallet
- Delivery Time: 7-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000000 kg /month

### Product Specification

- Product Name: POM ESD Sheet
- Length: 1000mm-6000mm
- Material: POM
- Size: 600\*1200mm 1000\*2000mm Custom Size
- Surface Treatment: Polishing/Sand Blasting/Brushing
- Color: White/ Black/ Gray/ Customized
- Thickness: 1.0mm-50mm
- Surface: High Surface Hardness
- Highlight: **Changzhou Makewell Engineering Plastic POM ESD Sheet**  
**, Changzhou Makewell black POM ESD Sheet,**  
**Changzhou Makewell Polyoxymethylene pom engineering plastic**

## Product Description

### Product Description:

POM ESD Sheet is a polyoxymethylene sheet made of POM raw material. It has high surface hardness and is available in white, black, gray and custom colors. With the length ranging from 1000mm to 6000mm, it is widely used in ESD protection and other electronic applications.

POM sheet is a kind of thermoplastic engineering plastic with excellent mechanical properties and high wear resistance. It has extraordinary dimensional stability and good electrical insulation properties. POM ESD Sheet has the advantages of good impact and fatigue resistance, excellent chemical resistance, low water absorption, good dimensional stability, and high surface hardness.

POM ESD Sheet is widely used in the electronics industry, such as ESD protection, insulation protection, and other electronic applications. It provides reliable protection and service life for electronic components and the entire equipment, and effectively prevents static electricity.

POM sheet has excellent performance, and POM ESD Sheet is an ideal choice for electronic and electrical products. It is easy to process and can be processed into various shapes, and has strong anti-static performance. It has become a reliable and popular choice for electronics and electrical products.

### Features:

**Product Name:** POM ESD Sheet

**Surface:** High Surface Hardness

**Color:** White/ Black/ Gray/ Customized

**Material:** POM (Polyoxymethylene)

**Surface Treatment:** Polishing/ Sand Blasting/ Brushing

**Length:** 1000mm-6000mm

**POM Plastic Material**

**POM Raw Material**

**Polyoxymethylene Sheet**

**POM Hard Sheet**

**ESD Sheet**

### Technical Parameters:

Product Name	Attributes
POM ESD Sheet	Material: POM
	Length: 1000mm-6000mm
	Color: White/ Black/ Gray/ Customized
	Size: 600*1200mm 1000*2000mm Custom Size
	Surface: High Surface Hardness
	Thickness: 1.0mm-50mm
	Surface Treatment: Polishing/Sand Blasting/Brushing

### Applications:

MAKEWELL POM-C ESD is a black POM plastic material, made in China and certified with ISO9001 Rohs, Reach. It is available in white, black, gray and customized colors, with a thickness range of 1.0mm-50mm, and a surface hardness that provides high surface hardness. It is available in sizes 600\*1200mm and 1000\*2000mm, and a length range of 1000mm-6000mm, with a minimum order quantity of 10kg. It is packaged in pallets for delivery and the delivery time is 7-15 days. Payment terms include L/C, D/A, D/P, T/T, Western Union, MoneyGram. The price is negotiable and the supply ability is 100000000 kg/month.

MAKEWELL POM-C ESD is used for a variety of applications, including pom sheet, pom esd sheet and esd sheet. It is ideal for those who require a strong and durable material that can be used for electrical components or other parts that require ESD protection. Its high surface hardness makes it ideal for applications that require surface protection. It is also perfect for use in manufacturing, automotive, electronics, and other industries. Its features make it a great choice for those looking for a cost-effective and easy-to-use material.

### Customization:

MAKEWELL POM-C ESD Sheet

MAKEWELL is a professional manufacturer of POM-C ESD sheet. It is made of POM plastic material, which is anti-static, durable and has a high surface hardness. This product is certified by ISO9001 Rohs, Reach and has a minimum order quantity of 10kg. The available sizes are 600\*1200mm, 1000\*2000mm and custom sizes. We offer polishing, sand blasting, brushing and other surface treatments for this product. The delivery time is 7-15 days and the payment terms include L/C, D/A, D/P, T/T, Western Union, MoneyGram. We can supply up to 100000000 kg/month. Price is negotiable and the packaging is pallet.

### Support and Services:

Technical Support and Service for POM ESD Sheet

We offer full technical support and service for POM ESD Sheet. Our technical support and service team is available 24/7 to answer any of your questions. We will help you choose the right product for your needs and ensure that the product meets your expectations.

We offer comprehensive training on the product, so you can be sure that you are using the product correctly. We also offer troubleshooting services to help you resolve any issues you may have with the product.

We provide regular updates to ensure that the product is up to date. We also offer regular maintenance to keep the product running smoothly.

If you have any questions or concerns, please do not hesitate to contact us. Our team is always here to answer any questions you may have.
