

100mm MoS2 Black Nylon Rod 6mm Engineering Plastic Material OEM

Our Product Introduction

for more products please visit us on makewellplastic.com

Basic Information

- Place of Origin: China
- Brand Name: MAKEWELL
- Certification: ISO9001 Rohs, Reach
- Model Number: Nylon PA6 MoS2 rod
- Minimum Order Quantity: 10kg
- Price: Negotiation
- Packaging Details: Pallet
- Delivery Time: 7-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000000 kg /month

Product Specification

- Plastic Modling Type: Extruding,Mould
- Surface Hardness: High
- Material: Nylon 6
- Color: Black
- Flexural Modulus: High
- Chemical Resistance: High
- Abrasion Resistance: High
- Service: OEM/ODM
- Highlight: **Makewell 100mm black nylon rod,
Makewell MoS2 black nylon rod,
Makewell OEM 6mm nylon rod**

Product Description

Product Description:

Nylon 6 MoS2 is a superior plastic material with a black color and high surface hardness. It is made from a combination of Nylon 6 and Molybdenum Disulfide (MoS2). This combination creates a material that is strong and durable, capable of withstanding high temperatures and corrosive environments. It is an excellent choice for a wide range of applications, from aerospace to automotive, and is available in sheet, rod, and tube forms. Nylon 6 MoS2 can be extruded or molded for use in a variety of products, and is especially well suited for creating molybdenum disulfide filled nylon round rods and 8mm nylon rods. With its superior strength and temperature resistance, Nylon 6 MoS2 is the perfect choice for any application that requires a strong, reliable, and durable plastic material.

Features:

Product Name: Nylon 6 MoS2

Surface Hardness: High

Size: 25-100mm Diameter

Type: Sheet, Rod, Tube

Additive: MoS2

Flexural Modulus: High

Keywords: nylon 66 rod, 25mm nylon rod, nylon plastic rod, molybdenum disulphide

Technical Parameters:

Property	Value
Color	Black
Size	25-100mm Diameter
Type	Sheet, Rod, Tube
Material	Nylon 6
Service	OEM/ODM
Chemical Resistance	High
Flexural Modulus	High
Plastic Modling Type	Extruding,Mould
Impact Strength	High
Abrasion Resistance	High
8mm Nylon Rod	Yes
Nylon 6 MoS2	Yes
6mm Nylon Rod	Yes

Applications:

MAKEWELL's Nylon PA6 MoS2 rod is a high-performance plastic product, manufactured with quality materials and additives that ensure superior performance. It has a high surface hardness and impact strength and is available in a black color. This nylon plastic rod offers excellent toughness, high elasticity, and wear resistance, making it ideal for various applications. It is perfect for extruding and moulding, and can be used in automotive, industrial, and other applications. The rod is certified with ISO9001, Rohs, and Reach, and is available in minimum order quantities of 10kg. It is available at a competitive price and can be shipped within 7-15 days. Payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. MAKEWELL also offers a 10000000 kg/month supply capacity.

Customization:

MAKEWELL Nylon PA6 MoS2 Rod

Brand Name: MAKEWELL

Model Number: Nylon PA6 MoS2 rod

Place of Origin: China

Certification: ISO9001 Rohs, Reach

Minimum Order Quantity: 10kg

Price: Negotiation

Packaging Details: Pallet

Delivery Time: 7-15 days

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Supply Ability: 100000000 kg /month

Abrasion Resistance: High

Impact Strength: High

Additive: MoS2

Flexural Modulus: High

Plastic modling type: Extruding,Mould

We offer nylon plastic rods for a variety of industries. Our nylon plastic rods are manufactured using highest grade raw materials and are extremely durable and reliable. Our nylon plastic rods are the perfect solution for your applications. We are a leading nylon plastic rod supplier and manufacturer in China.

Support and Services:

Technical Support and Service for Nylon 6 MoS2

We are pleased to provide technical support and services for Nylon 6 MoS2. Our team of trained professionals have extensive knowledge and experience working with this product, and are dedicated to helping you get the most out of it.

We offer personalized support to ensure that your needs are met. Our team is available to answer any questions or concerns you may have about Nylon 6 MoS2. We can also provide guidance on installation, maintenance, and troubleshooting.

Additionally, we offer a wide range of services to help you get the most out of your product. These services include:

On-site installation and training

Remote troubleshooting and repair

Regular maintenance and upgrade services

Product customization

For more information about our technical support and services for Nylon 6 MoS2, please contact us.
