

## High Surface Hardness PA66 POM ESD Sheet Engineering Plastics OEM

Our Product Introduction

for more products please visit us on [makewellplastic.com](http://makewellplastic.com)

### Basic Information

- Place of Origin: China
- Brand Name: MAKEWELL
- Certification: ISO9001 Rohs, Reach
- Model Number: POM-C ESD
- Minimum Order Quantity: 10kg
- Price: Negotiation
- Packaging Details: Pallet
- Delivery Time: 7-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000000 kg /month

### Product Specification

- Surface: High Surface Hardness
- Length: 1000mm-6000mm
- Material: POM
- Color: White/ Black/ Gray/ Customized
- Thickness: 1.0mm-50mm
- Surface Treatment: Polishing/Sand Blasting/Brushing
- Size: 600\*1200mm 1000\*2000mm Custom Size
- Product Name: POM ESD Sheet
- Highlight: **Changzhou Makewell Engineering POM ESD Sheet**  
**, Changzhou Makewell PA66 POM ESD Sheet,**  
**Changzhou Makewell Engineering pom pa66**

## Product Description

### Product Description:

POM ESD Sheet is a highly durable and versatile plastic sheeting made of polyoxymethylene (POM). This material combines excellent mechanical properties, chemical resistance, and low friction and wear characteristics. It is ideal for a wide variety of applications, such as automotive, electronics, and medical device components. POM ESD Sheet is available in a range of sizes and thicknesses, from 1000mm to 6000mm, with a color selection of white, black, gray, and custom colors. The thickness of this material ranges from 1.0mm to 50mm, and the available surface treatments include polishing, sand blasting, and brushing. With its superior properties, POM ESD Sheet is the perfect choice for applications requiring chemical and wear resistance, dimensional stability, and excellent electrical properties. This pom plastic sheet is highly reliable for use in applications such as pom plastik and esd pom sheet.

### Features:

**Product Name:** POM ESD Sheet

**Size:** 600\*1200mm, 1000\*2000mm, Custom Size

**Material:** POM

**Color:** White, Black, Gray, Customized

**Surface Treatment:** Polishing, Sand Blasting, Brushing

### Technical Parameters:

Product Name	Technical Parameters
POM ESD Sheet	Material: POM Color: White/Black/Gray/Customized Length: 1000mm-6000mm Thickness: 1.0mm-50mm Surface Treatment: Polishing/Sand Blasting/Brushing Surface: High Surface Hardness Size: 600*1200mm 1000*2000mm Customized Size

### Applications:

MAKEWELL POM-C ESD sheet is a widely used plastic material with high surface hardness, which is certified by ISO9001 Rohs, Reach and has a minimum order quantity of 10kg. It has a variety of sizes available, including 600\*1200mm, 1000\*2000mm and custom sizes, and its thickness ranges from 1.0mm to 50mm. Its surface can be processed by polishing, sand blasting and brushing, and it can be used in many fields, such as electronics, automotive, and industrial machinery. The price is negotiable, and the package is pallet. The delivery time is 7-15 days, and the payment terms can be L/C, D/A, D/P, T/T, Western Union, MoneyGram. It has a large supply capacity of 100000000 kg/month.

MAKEWELL POM-C ESD sheet is ideal for electronics, automotive and industrial machinery due to its excellent properties: High surface hardness, good insulation performance, abrasion resistance, low water absorption, good sliding performance, chemical corrosion resistance, high temperature resistance and dimensional stability. It is an ideal choice for producing parts with complicated shapes and structures.

MAKEWELL POM-C ESD sheet is widely used in many fields, such as electronics, automotive, and industrial machinery. It can be used to produce a variety of products, such as precision parts, electronic components, bearings, gears, slide blocks, plastic products, etc. It is also suitable for injection molding, extrusion, blow molding and other processing methods.

### Customization:

MAKEWELL POM-C ESD Sheet - Customized Service

MAKEWELL is a leading manufacturer of Polyoxymethylene (POM) Sheet in China. Our POM-C ESD Sheet is made of high quality raw material, and has passed ISO9001, Rohs, Reach certification. We offer customized service for our customers, including material, surface treatment, surface hardness, size, color and so on.

Features of MAKEWELL POM-C ESD Sheet:

Brand Name: MAKEWELL

Model Number: POM-C ESD

Place of Origin: China

Certification: ISO9001, Rohs, Reach

Minimum Order Quantity: 10kg

Price: Negotiation

Packaging Details: Pallet

Delivery Time: 7-15 days

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Supply Ability: 100000000 kg /month

Material: POM

Surface Treatment: Polishing/Sand Blasting/Brushing

Surface: High Surface Hardness

Size: 600\*1200mm 1000\*2000mm and Custom Size

Color: White/ Black/ Gray/ Customized

MAKEWELL POM-C ESD Sheet is widely used in electronics, medical, automotive, machinery, instrumentation, electrical, chemical and other industries. It can be customized according to your requirements.

If you are looking for high quality and competitively priced polyoxymethylene sheet, pom raw material, pom plastic material, pom esd sheet, please feel free to contact us.

## Support and Services:

Technical Support and Service for POM ESD Sheet

Technical support and service for POM ESD sheet are available for customers. Our experienced technicians are always ready to assist with installation, maintenance, and repair of the product. We also provide technical advice and guidance on operating the product.

We offer a comprehensive range of services, including:

Installation and troubleshooting of the product

Maintenance and repair of the product

Advice and guidance on operating the product

Updates and upgrades to the product

Replacement parts and components

Our team of experienced technicians have the expertise and knowledge to resolve any technical issue that may arise with your POM ESD Sheet. We are dedicated to providing the highest level of quality and customer service for all our customers.
